

I'm a chatbot
and I can have
conversation with you

I'm Aaida

I'm programmed to automatically
answer your questions

Hello Aaida, tell us more about yourself

I'm Aaida

I'm not a Human but a chatbot. I'm a self service support system.

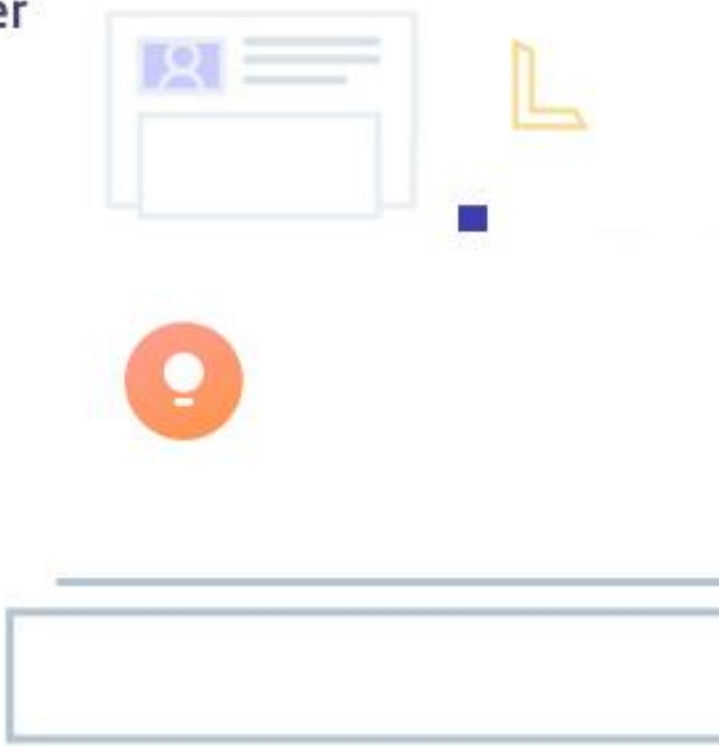

What are CHATBOTS?

I'm Aaida

CHATBOTS are virtual assistants programmed to automatically answer user requests.

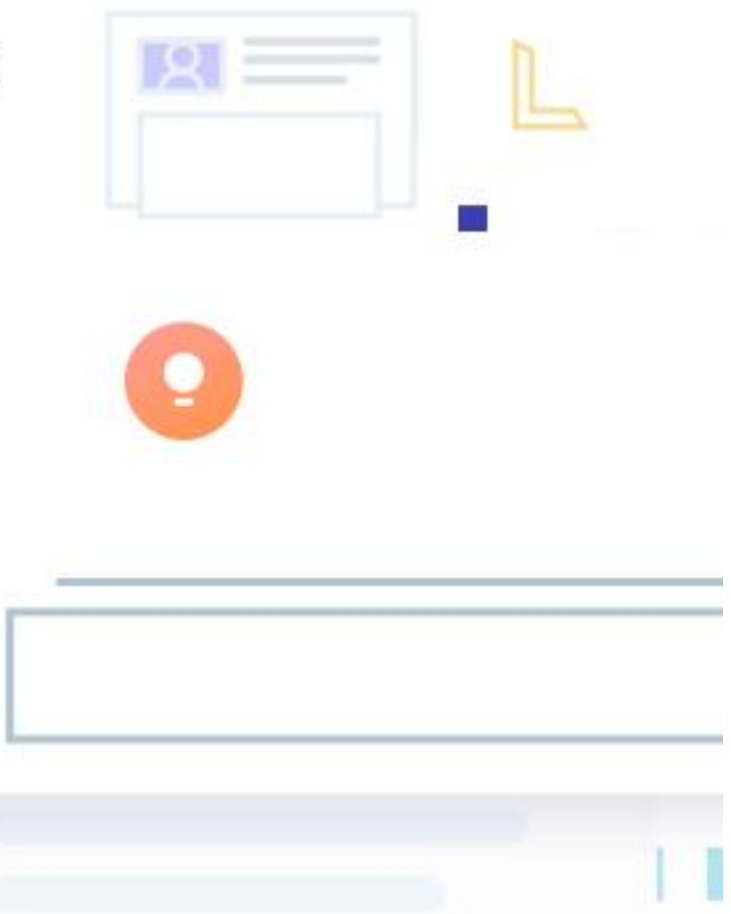

Are chatbots different from applications?

I'm Aaida

Oh, yes.
We interact more or less sequentially and are commonly used in chat applications

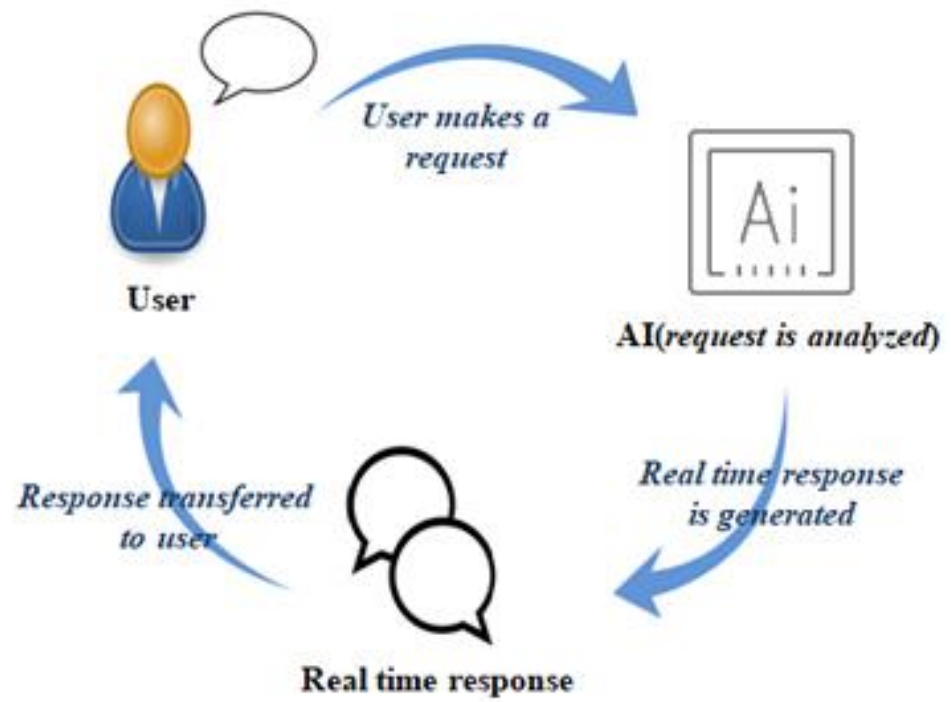

How chatbots function?

I'm Aaida

Well, our functionality is a bit complex. Refer the workflow on upcoming slide to have a better understanding.

How it Works

Can I have a look at your UI?

I'm Aaida

Fine! I have a well designed UI.

I'm Aaida

There are a range of areas where chatbots like me can be used.

1. Customer support
2. Sales & advise
3. Internal support and many more

Where can Aaida be integrated to?

I'm Aaida

Pretty good question.
You can integrate me to:

1. Wordpress plug-in
2. Websites
3. Chat applications
4. Prediction systems and even more

Currently I am integrated to Skype

Why choose Aaida?

I'm Aaida

I can bring many benefits to your firm. Some of them are:

1. 24 hour availability
2. Instant answers
3. Programmability
4. Cost effective
5. Work automation
6. Endless patience and more..

Great, anything more about Aaida?

I'm Aaida

We chatbots have a unique identity that detach us from other applications. Rather than asking more about me, just implement me and check whether I can support your business.

What is the cost of implementing Aaida?

I'm Aaida

You have two choices of payment:

1. One time payment for set up and yearly maintenance on fee.
2. Initial payment on set up and monthly installments.

What about future support after implementation?

I'm Aaida

Our team will always be available for your help. Tell us your intricacies and we will solve them for you.

Have a great day.

I'm Aaida

Thank you!
